

# ASFE 2021

**The 8th International Agricultural Science and Food Engineering Conference (ASFE 2021)** will be held from May 29 to 31, 2021 in Guilin, China. ASFE 2021 will be an important and reliable platform for inspiring international and interdisciplinary exchange at the forefront of **Agriculture Science, Food Safety, Agronomy and Horticulture**. The Conference will bring together academicians, engineers, educators and policy-makers from all over the world, and we hope that you will take this

opportunity to join us for academic exchange and visit the city of Guilin.

## CALL FOR PAPERS

**C o n f e r e n c e D a t e :** May 29-31, 2021

**V e n u e :** Guilin, China

**R e g i s t r a t i o n D e a d l i n e :** May 29, 2021

### Topics of interest for submission include, but are not limited to :

#### **Agriculture Science**

Agricultural Resources  
Agricultural Mechanization and Automation  
Agricultural Recycling Economy  
Irrigation/Drainage and Water Quality  
Organic Agriculture  
Pesticide, Fertilizer and Seed

#### **Food Engineering**

Food Biotechnology  
Food Biochemistry and Food Processing  
Fermentation and Bioprocess Technology  
Food Ingredients and Additives  
Food Microbial Populations - Identification and Characterization of Novel Strains  
Food Packaging Technologies and food Storage  
Nutrition and Food Science  
Vitamins, Minerals and Nutritional Supplements

#### **Food Safety**

Antimicrobial Treatments  
Food Contaminants  
Food Pathogens  
Food Borne Illness  
Food Labeling  
Food Shelf Life  
Food Hygiene

#### **Agronomy and Horticulture**

Biofuels  
Ecological Horticulture Systems  
Genetics and Breeding  
Horticulture, Floriculture and Forestry  
Horticultural Economics and Management  
Landscape Design and Urban Horticulture  
Tissue Culture and Plant Biotechnology

## Publication and Presentation

**Publication:** Open Access Journal.

**Index:** CNKI and Google Scholar

**Note:** If you want to present your research results but do NOT wish to publish a paper, you may simply submit an Abstract to our Registration System.

## Venue

Located in the northeast of Guangxi Zhuang Autonomous Region in south China, Guilin is considered to be the pearl of China's thriving tourist industry on account of the natural beauty and historic treasures. Covering an area of about 27,800 square kilometers (10,734 square miles), the city is rather compact when compared with other major tourist cities in the country. The stunning landscape in which the city is situated has a kind of magic that is all its own. The strangely shaped hills or karsts, with the verdant vegetation ranging from bamboos to conifers together with crystal clear waters and wonderful caves make the city such an appealing destination. It is also an important cultural city with a history of more than 2,000 years. The city has been the political, economic and cultural center of Guangxi since the Northern Song Dynasty (960-1127).
